Art. no. XA8142: 5 liter can.

Shelf life: 2 years when kept by a temperature between 5 - 30 degrees Celsius.

Remarks

- Colad Antidust is a stick-lacquer to be used in spray booths.
- Colad Antidust is simple to apply by spray gun, brush and/or paint roller.
- It makes dirt and spray dust stick to the surface.
- No loss of light due to the transparency.
- No negative effect on color judgment, because of colorless layer.
- Colad Antidust is easily removed with hot water or steam cleaner (also after a longer period).
- Environmentally friendly.
- Thanks to Colad Antidust the spray booth will stay clean and brand new.
